Principal's Corner:

Dear Families,

We are very grateful to have wonderful teachers, alongside wonderful families this school year. We have noticed that families are working well with the teachers and the students continue to progress well. Galileo Testing starts February 10th through February 14th, and we are looking forward to the results because it will give us a better picture of how our students are progressing. AzMERIT testing starts in April so we have a few months to prepare!

As you all know the State of Arizona has every public school administer a test called AzMERIT. We are asking that all families help their children prepare for this test. The grades that will take this test are 3rd through 8th grade. There are various things you can do to help your children. Here are some ideas:

- **Assure that all homework is done neatly and accurately**
- **Encourage your child to attend tutoring after school**
- **Volunteer at the school by assisting teachers**
- **Volunteer your time to help tutor other students**
- **Visit our school website and use the links provided for additional assistance**
- **Have your child read everyday**
- **Have your child memorize their math facts (addition, subtraction, multiplication, etc.)**
- **Look for videos on how to solve problems and walk your child through the problem.**

As you can see, your contribution can be small or large and you can help us find success academically. Please see your child's teacher for more ideas on how you can help or if you can help in the classroom.

Sincerely,

~*Jesus Armenta*

Enrollment for NEXT School Year

Enrollment applications will be accepted starting March 16th. We have two types of enrollment processes. One enrollment deadline is for families that are CURRENTLY enrolled to our school. Currently enrolled families get priority for the following school year. The applications will be accepted from March 16th – March 20th. Please make sure to turn them in as soon as possible.

The enrollment for NEW families for the upcoming 2020-2021 school year may start enrolling their child on March 23rd. It is a first come, first serve basis. If a current family waits after March 23rd you run the risk of new students taking your child's spot at New World. We encourage all families to enroll as soon as they can. If you know of any new families that are interested please have them set up a time to visit our school any time before March 23rd.

Kindergarten enrollment for the upcoming school year will start March 23rd until all spots are filled. Students must be 5 years old before September 1st, 2020 to attend our school. Sometime in May 2020, we will have Kinder Roundup to get all testing done with the teacher.

Classroom Items

Our parents have always been wonderful in making sure that the classroom teachers get what is needed to teach their child. Please make sure to ask them if you haven't already done so. The following are items that are always needed throughout the year: Hand sanitizer, pencils, white board markers, lined paper, spiral notebooks, healthy snacks, candies and toys for their treasure box, and much more. We thank you in advance for all your donations!

Traffic at School

Every school deals with this same issue and our main concern at our school is SAFETY. Parents, the reason we ask you to pick up your students from their class is due to safety. We have staff directing traffic to help with safety but there is still a risk. We ask that you be patient when driving and follow the instructions of the staff. As a courtesy please make a right (going south) on 7th street to allow traffic to flow better. If we all do our part we can help keep our students safe. We are proud to say that our traffic clears in 10-15 minutes which is much faster than most school dismissals. Thank you!

Reminders

Parents, please make sure to update any contact information with the office. This is information is used for various reasons, but especially in emergency situations we want to make sure we have ways of getting a hold of you. Also, please encourage other parents to bring their children to our school. **We are still enrolling students in grades K-5th grade.** If you know of anyone that may be interested please have them come and visit, they will fall in love with our school as soon as they are here! Thank you for your support.

Fundraising Begins!

Fundraising is very important to our school and thanks to the support we get from our families, they are successful. Below are some fundraising events that will start this month. Please see Camille Campista, our Parent-Volunteer Coordinator, for more information.

Change for CHANGE: Ever Trimester change (coins or bills) will be collected to determine which class raises the most for a pizza or ice cream party.

Box Tops: Our school is rewarded money depending how many Box Tops are collected. If you have any please give them to the classroom teacher.

Fry's Community Rewards: Please sign up if you have a Fry's Rewards card and depending how much you spend, Fry's will donate money to our school.

School Events: Please attend the school events that help raise money for our school. For example, when we have a Skate Night. The more people you invite the more success we will have with the event.
